THE BRAND

In 2014, Sysmed was born in the confines of a tiny room in Zirakpur, Punjab. Anchored by dreams and passion, Our Founder embarked on a journey, undeterred by the absence of business expertise and limited market opportunities.

Throughout their odyssey, Sysmed triumphed over challenges and adversity, steadfastly overcoming obstacles. Through this journey, they embraced continuous improvement, emerging not only better but also more mature, a testament to their resilience and commitment to growth.

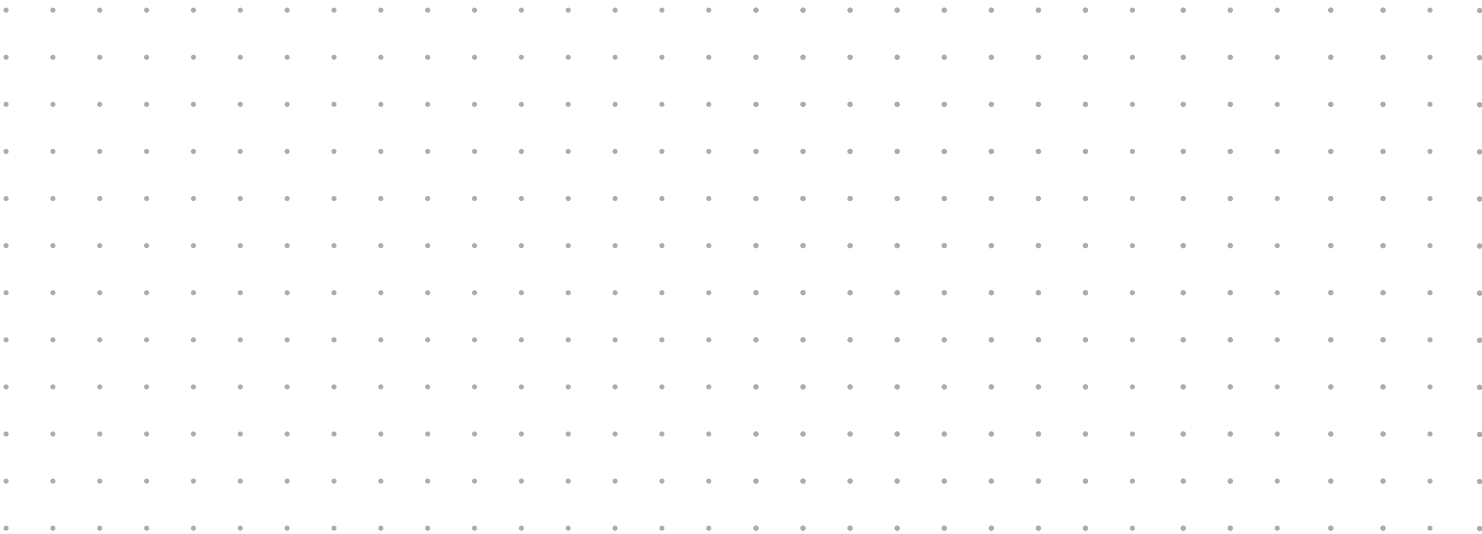

Sysmed is driven with the objective of providing efficacious health-related services to the masses through innovative thinking and providing world-class health services to all, the sole purpose of the organisation has been to enable healthcare and empower human care.

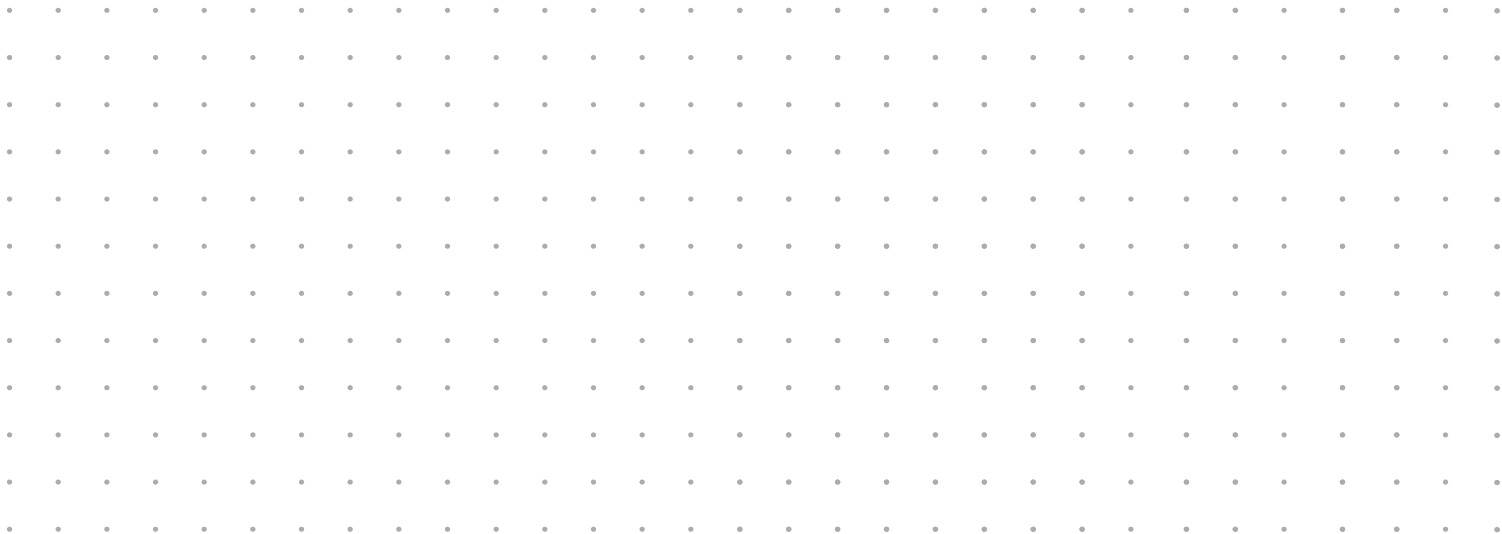

THE VISION AND VALUES

"Since the inception of Sysmed, we have remained steadfast in our commitment to sustenance-driven development and triumph. Every endeavor we undertake is meticulously crafted to provide optimal healthcare solutions, utilizing cutting-edge innovations tailored to meet the diverse needs of our expansive nation. Our overarching vision is to seamlessly deliver premium healthcare equipment and supplies through proactive interventions, safeguarding the paramount health of every patient entrusted to our care. Rooted in our core values of Genuinity, Affordability, Customer-Centricity, and Agility, we navigate each decision and action with unwavering integrity and dedication."

KEY ACHIEVEMENT - SYSTEMED ONE OF THE TOP 10 MSE SELLERS IN GeM, FINANCIAL 2022-2023

City based MSE among top sellers in GeM in 2022-23 fiscal

ISHA UPADHYAY / CHANDIGARH

CHANDIGARH- BASED Sysmed Exim Private Limited was recognized as one of the top sellers in MSE category by Government e-Marketplace (GeM), at the Kreta-Vikreta Gaurav Samman Samaroh 2023 organised at Vanijya Bhawan, New Delhi on June 26, 2023. The organisation's tremendous efforts have earned it the rank of being the only healthcare related seller / service provider among the Top 10 MSE sellers on GeM in Financial 2022-23.

GeM is a unique digital initiative of Ministry of Commerce and Industries that brings together government buyers and private sellers/suppliers/service providers on a unified online platform for the procurement of all public goods and services. With a focus on creating an inclusive national

public procurement marketplace, GeM has provided an exceptional platform for marginalised sellers like MSEs, Start-ups, Hunaar Huts, artisans etc., to grow their business manifold. With an intent to bringing greater transparency and honesty in public procurement processes, GeM has brought a paradigm shift to the country's public procurement landscape.

Ankur Mangla, CEO - Sysmed Exim Private Limited, accompanied by Kapil Gupta, Head - Corporate Affairs, was felicitated by Minister of State - Commerce, Anupriya Patel at the award ceremony. Minister of Commerce & Industries, Consumer Affairs, Food & Public Distribution, Piyush Goyal, graced the event with his presence. Established in 2014, Sysmed Exim Private Limited was formed with the intent of providing timely and cost - effective healthcare equipment to the masses. The organization offers a diverse range of products and services like medical supplies and equipment, medical mobile units, supply of pharmaceuticals & consumables, trained manpower to operate and maintain equipment and protective supplies.

ADVANCED HOSPITAL FACILITIES AND INFRASTRUCTURE

Our team specializes in providing all necessary support - from planning to execution - to help establish as well as upgrade existing medical facilities. Our services in this regard include:

Enhancements in Hospital Infrastructure Setting up Modular Operation
Theaters Hospital Linen and Laundry Services Pneumatic Tube
Systems
Hospital Waste Collection Systems Central Medical Gas Pipeline
Systems

HEALTH KIOSKS & DIAGNOSTIC SERVICES

Sysmed in association with tech partners has developed health kiosk, which is an aggregation of medical IoT devices with AI software at the backend, which can undertake screening of the people for basic test/specialized test and Radiological test on-site with centralised Labs with Fully Automated and High-thru-put Analysers which ensures better Quality Assurance for the Diagnosis of Tests.

PMC- PROJECT MANAGEMENT & CONSULTANCY

Hygiene is always the absolute priority for a healthcare organization. To combat contamination in hospitals, healthcare centre and in the pharmaceutical industry, Sysmed in association with Fabcare Barrier washer have enabled laundry services that can be installed between two separate areas to avoid all contact between dirty (infectious) linen and the clean linen, and any type of re-contamination during the process.

FOSTERING
RELATIONSHIPS

PARTNERSHIP WITH INDIAN STATE GOVERNMENTS & CORPORATES

Sysmed has proved to be a valuable support system to various state governments across the country by equipping them to effectively combat the COVID-19 pandemic. The team was committed to ensuring round-the-clock to ensure uninterrupted medical supplies, to various state governments and organizations like ONGC, DLF, Wapcos, HLL and Hites

We have also been instrumental in strengthening the ambulance support infrastructure in many states by delivering ALS, BLS and Neonatal ambulances that are fully fitted with world-class care and monitoring systems. We have collaborated prestigious government institutions like Indian Railways and Indian Armed Forces, medical training centres, corporate hospitals and pharma retailers.

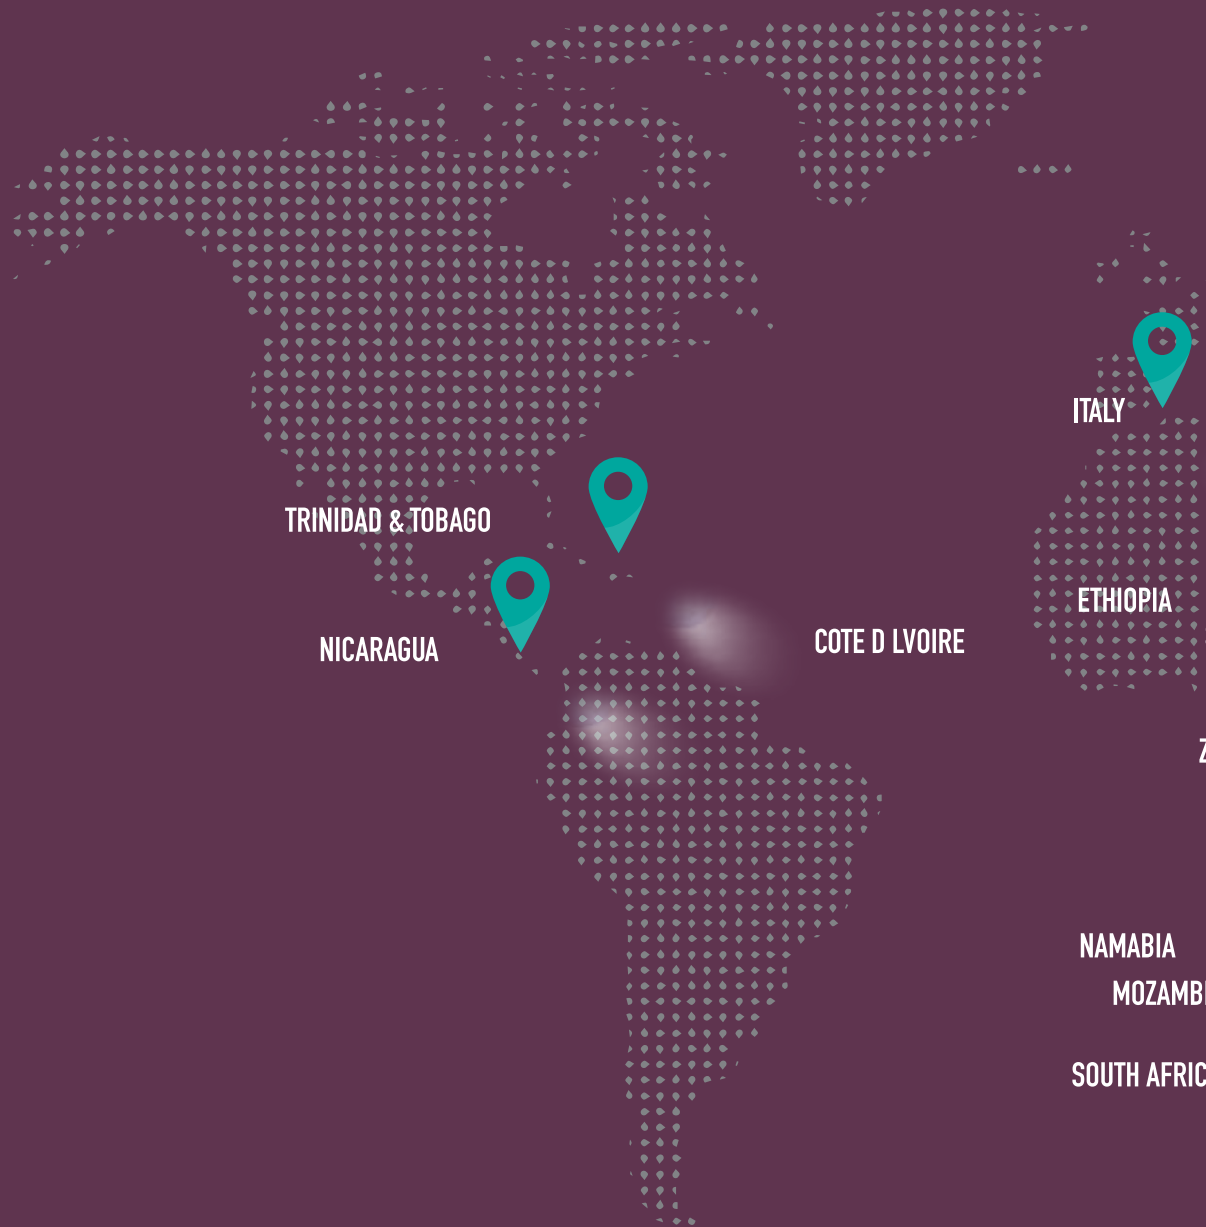

ASSOCIATIONS & EXCLUSIVE PARTNERSHIP

Our company has established itself as an institutional/exclusive partner of some of the most reputable brands in the healthcare industry. Brands such as Siare, Karma, Fresenius, Abbott, and Cipla have placed their trust in our organization to represent their products and services, making us their preferred partners in delivering healthcare solutions to our valued customers. Sysmed also offers a wide range of medical products, including decompression needles and safety cannulas for safe and effective procedures.

Fresenius is a well-known manufacturer of dialysis machines and pharmaceutical products while Abbott is a global conglomerate that provides diagnostic solutions, medical devices, pharmaceuticals, and diabetic medicines. Cipla is a leading pharmaceutical company that offers antiretroviral (HIV) drugs at an affordable price, making life easier for chronically ill patients. Our collaboration with these world-class brands demonstrates our dedication to providing our consumers with high-quality healthcare solutions.

We are proud to be associated with seven out of the top ten pharmaceutical companies in India, further solidifying our position in the industry.

INTERNATIONAL EXPANSE AND REACH

Sysmed has been recognised by the Ministry of External Affairs to provide medical aid to underdeveloped and other developing countries across the globe. In the last two years, we have helped more than 40 countries to combat various health crises by exporting medical supplies and equipment worth 12.1 Million USD.

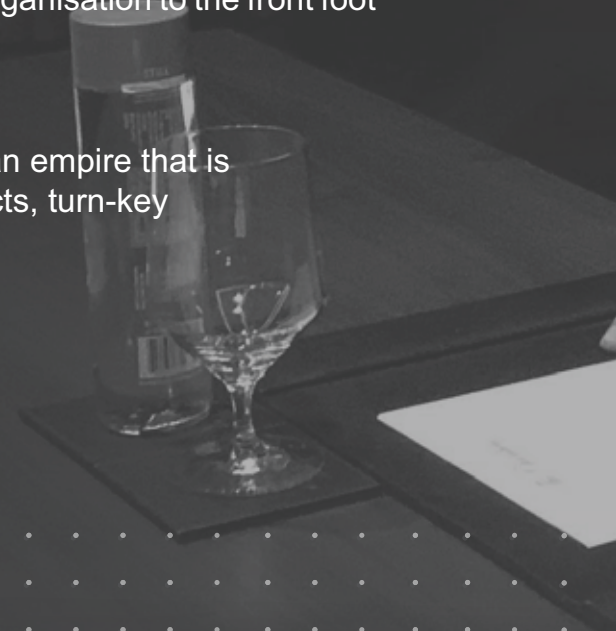

THE MAN BEHIND THE SCENE

Sysmed is the brainchild of Dr. Ankur Mangla, who established the firm with the intent of serving the nation and making an impactful change in bolstering the healthcare infrastructure of the country so that its benefits can be reaped by all.

With the determination of bridging the gap across demographics, Ankur's vision is to create a holistic healthcare space that is not only approachable but also innovative and ideal for the healthcare needs of today. His willingness to work round-the-clock has enabled Sysmed to expand its roster of services and operations and it is his vision that has brought the organisation to the front foot in a short span of time.

Over the years, he has worked ardently to create an empire that is known for its tenacious delivery, diversity of products, turn-key solutions and expertise in the healthcare sector.
